

SHREDDER

KOBRA CYCLONE

TRADING
BUSINESS MACHINES

KOBRA[®]
Advanced Shredder Technologies

Wide throat
Kobra Cyclone can shred up to 500 sheets of paper at a time, credit cards, CDs, DVDs, Blu-ray, floppy-disks, Cardboard, plastic bottles, aluminium cans

Kobra Cyclone (standard version)
Utilizes a plastic waste bag. Full bags are easily removed and disposed of assisted by the built-in-trolley

Specification

Throat width:	325 X 220mm
Security level DIN 66399:	P-2 O-2 T-2 E-2
Security level DIN 32757:	2
Shred size:	5,8mm strip cut
Paper Capacity*:	60-62 A4 70gr; 52-54 A4 80gr
Shreddable material:	Paper, Credit Cards CDs/DVDs and floppy disks, Blu-ray, credit cards, cardboard, cardboard, carton boxes, plastic bottles and aluminium cans
Speed:	0,12m/sec
Noise level (idle/shredding):	65 dba
Voltage:	3 Phase
Power:	6.000 Watt
Waste bag capacity:	400 liters
Dimensions (WxDxH):	80 x 212 x 210cm
Net Weight:	440kg

Kobra Cyclone + Compactor C-500
Reduces by 4-5 times the volume of the shredded paper. Shredded and compacted paper can be collected into any type of container or into plastic waste bags

Easy to use
Just press the start button, throw the material into the large entry opening and leave

MAIN FEATURES

- Industrial shredder designed for large quantities of paper (500 sheets at time), CDs, DVDs, Blu-ray, Floppy-disks, credit cards, cardboard, carton boxes, aluminium cans and plastic bottles. Kobra Cyclone complies with the shredding standards of ASIO - Australian Security Intelligence Organisation - T4 Protective Security. High security level 005 is NATO approved. High security level 006 meets the latest shredding standards: NSA/CSS Specification 02-02 for paper destruction, NSA/CSS Specification 04-02 for Optical Media destruction.
- Innovative shredding system based on a turbine combined with high speed rotating blades
- 5 different Security Levels; it is possible to switch the machine to any of the available Security Levels by a simple operation which takes only a few minutes
- No oiling of cutting knives, no lubrication. Easy to use without any maintenance operation
- Control panel: just press the start button, throw the material into the large entry opening and leave; Kobra Cyclone will automatically shred everything and go into stand-by mode when shredding is completed. A Load Meter measures the actual load on the turbine and on the rotating blades and shows the operator the availability of the shredding capacity at any time during intensive and continuous shredding job
- Integrated vacuum system specifically designed to provide the operator with clean and dust free shredding environment
- Double insulated shredding chamber and special plastic outer housing enclosure for low noise operation
- Kobra Cyclone can be attached to the optional Kobra Compactor model C-500 designed to reduce by 4-5 times the volume of the shredded paper
