Main Functions

Carbon hardened cutting knives, unaffected by staples and metal clips. High precision design of cutting knives allows high shred loads with low power consumption. Motor thermal protection. 24 hours continuous duty motor: no duty cycle or timed cool down period. Bag full stop with light signal. Two separate set of cutting knives: one for paper and one for CDs. Two distinct integrated removable bins for separating shredded paper from plastic shreds. KOBRA 310 TS shreds transparent material too: keeping the finger for 5 seconds on the forward control and the machine works continuously for 30 seconds.

CD / DVD Cutting Unit dedicated unit for Optical Media shredding through a second set of cutting knives
SUPER POTENTIAL POWER UNIT heavy duty chain drive with steel gears; two powerful 460 Watt motors
CONTINUOUS DUTY SHREDDING 24 hour continuous duty motor, no duty cycle or timed cool down periods
ENERGY SMART[®] power saving system, the machine goes into power saving stand-by mode after just 8 seconds and switches off after 4 hours of non-operation
TOUCH SCREEN touch screen panel with led indicators
EPC - Electronic Power Control shows the shredding load required to optimise shredding without jams
START & STOP automatic start and stop through electronic eyes
SAFETY STOP automatic stop at the door opening and/or full waste bag
