HP CC16 Crosscut Shredder Definitivo

The CC16 is a Crosscut Shredder with a capacity of 16 sheets. Adding to this, the shredder has a series of special features to convert its use into a more pleasing experience. For example, it has an auto-clear feature and includes a cabinet with covers. The shredder also operates with quiet running decibel levels. These features, specifically, are an added value for the consumer because they will not have to put up with loud noises while working with it.

- ✓ Manual Feed Microcut
- ✓ Shred capacity of 16 sheets manually
- ✓ Shreds credit cards & staples
- ✓ Caster for easy mobility
