Ideal 2265 Level P-2 Deskside Shredder

Description

The MBM Ideal 2265 Strip Cut Shredder (P-2) is a reliable deskside shredder designed for environmentally conscious users. It features an EASY-Touch multifunction switch for convenient stand-by, stop, and reverse functions, along with integrated optical signals for operational status. The shredder is equipped with a transparent safety flap in the feed opening to prevent accidents, a powerful motor with double thermal protection for bulk shredding, and a high-quality wooden cabinet for durability.

- Photo cell controlled automatic start and stop
 - Quiet, powerful, and energy-efficient single-phase motor
 - High-quality, paper clip-proof cutting shafts made from hardened steel
 - Removable shred bin with a large window for easy monitoring of fill level
 - Magnetic switch for automatic stop when the shred bin is removed (2265 CC)
- Experience efficient document security with the MBM Ideal 2265 Strip Cut Shredder (P-2). With a sheet capacity of 11-13, this shredder offers a level P-2 4mm strip cut for basic document disposal needs. Its Electric Capacity Control System ensures continuous operation by preventing paper jams, making it an essential addition to any workplace seeking reliable shredding solutions.
