## Ideal 2360 Level P-7 High Security Shredder

### Description

The MBM Ideal 2360 Super Micro Cut Shredder (P-7) is a high-security shredding machine designed to meet NSA/CSS requirements, ensuring top-tier data protection in office environments. Featuring a thermally protected single-phase motor, this shredder allows for continuous operation without the risk of overheating.

- Comprehensive Safety System with emergency power cut-off
- Jam-proof system for hassle-free shredding
- Automatic start and stop controlled by photo cell
- High quality, hardened steel cutting shafts
- Quiet and powerful single-phase motor

The MBM Ideal 2360 Super Micro Cut Shredder (P-7) boasts a Security Level P-7 with a super micro-cut of .8 x 5 mm, meeting all NSA/CSS specifications and DOD approval. Its SPS safety package includes an Easy Switch control element with illuminated color codes, a transparent safety shield, and automatic power cut-off features for enhanced user safety and protection.

Specifications
