## Ideal 3104 Level P-2 Centralized Shredder

### Description

The MBM Ideal 3104 Strip Cut Shredder (P-2) is a powerful office shredder designed for centralized use. It features a wide 12-inch feed opening, allowing for efficient shredding of documents, credit cards, CDs, and DVDs into tiny strip-cut fragments. The shredder is equipped with an Easy Switch Control Unit that indicates the operational status and an Electronic Capacity Control Indicator to prevent overfeeding. Additionally, the Auto-reverse System helps in clearing any jams that may occur during operation.

- SPS – (Safety Protection System) for enhanced safety
- EASY-SWITCH control element for easy operation
- High-quality cutting shafts for durability and reliability
- Quiet yet powerful motor for continuous operation
- Convenient environmentally-friendly shred bin

This shredder is equipped with a range of safety features, including a transparent safety flap in the feed opening and an electronic door protection system. The high-quality construction ensures durability, while the environmentally-friendly shred bin eliminates the need for disposable shred bags. With a Level P-2 4 mm strip cut capability and a sheet capacity of 30-32, the MBM Ideal 3104 Strip Cut Shredder (P-2) is a reliable and efficient choice for any office environment.
